Advisory - the following lyrics contain explicit language:

Morning, Mrs Johnson
oh my god you raised a good one.
I'm the teacher, he's my student
and I'm giving him straight A-A-A-A's.
Chemistry, biology
as long as he's on top of me.
The classroom or the bathroom,
we gon' practice till we graduate. We're the kids your mama warned you 'bout,
We're the kids your mama warned you 'bout.
Drive fast, roll tight. Ride hard, all night. We're the kids your mama warned you 'bout,
We're the kids your mama warned you 'bout.
Drive fast, roll tight. Ride hard, all night. Cause I eat boys like a cannibal,
fuck hard, howl at the moon like an animal.
Eat me, drink me, straight down the rabbit hole.
White lines, white lies, straight down the rabbit hole. When I fall in love, I fall down the rabbit hole
down the rabbit hole,
down the rabbit hole. Fall in love, I fall down the rabbit hole
down the rabbit hole, When I fall in love, I fall down the rabbit hole
down the rabbit hole,
down the rabbit hole. Fall in love, I fall down the rabbit hole
down the rabbit hole,
follow me down the rabbit hole. Counting pounds and counting dollars,
Mum, I'm married to my monster.
My old man is in the lock up
and he's counting down the day-ay-ay-ays.
Drinking all the liquor,
lighting up behind the bleachers,
getting dirty in detention,
we gon' do it anyway-ay-ay-ay. We're the kids your mama warned you 'bout,
We're the kids your mama warned you 'bout.
Drive fast, roll tight. Ride hard, all night. We're the kids your mama warned you 'bout,
We're the kids your mama warned you 'bout.

Drive fast, roll tight. Ride hard, all night. Cause I eat boys like a cannibal,
fuck hard, howl at the moon like an animal.
Eat me, drink me, straight down the rabbit hole.
White lines, white lies, straight down the rabbit hole. When I fall in love, I fall down the rabbit hole
down the rabbit hole,
down the rabbit hole. Fall in love, I fall down the rabbit hole
down the rabbit hole. When I fall in love, I fall down the rabbit hole
down the rabbit hole,
down the rabbit hole. Fall in love, I fall down the rabbit hole.
Follow me down the rabbit hole. We're gonna ... like rabbits, like rabbits, like rabbits.
We're gonna ... like rabbits, like rabbits, like rabbits.
We're gonna ... like rabbits, like rabbits, like rabbits.
We're gonna ... like rabbits, like rabbits, like rabbits. Wild child kiss me baby, drive me crazy drive me wild.
Wild child kiss me baby, touch it touch it drive me.
Wild child kiss me baby, drive me crazy drive me wild.
Wild child kiss me baby, touch it touch it drive me. Cause I eat boys like a cannibal,
fuck hard, howl at the moon like an animal.
Eat me, drink me, straight down the rabbit hole.
White lines, white lies, straight down the rabbit hole. When I fall in love, I fall down the rabbit hole
down the rabbit hole,
down the rabbit hole. Fall in love, I fall down the rabbit hole
down the rabbit hole. When I fall in love, I fall down the rabbit hole
down the rabbit hole, down the rabbit hole.
Fall in love, I fall down the rabbit hole.
Follow me down the rabbit hole.
