Too Soon To Know

Ferlin Husky

It's too soon to know if I can forget her
My heart has been broken into many pieces and it's too soon to knowTime passes slow will I ever know
If I can forget her and not let it show but it's too soon to know
News travels fast when a love affair ends people keep asking what happened to them
But it's too soon to know...
My heart has been broken into many pieces and it's too soon to know
