

Birdcall Morning

[Joe Walsh](#)

Early birdcall morning
In a milkweed cloudy sky
Sets me free, without a warning
Wonder why And if my eyes aren't open
And if I'm too blind to see
Would you show me birdcall morning
Set me free And if you don't want to
I do, you know I do
Sing the song, sing along
It don't matter if you know the tune
That's the way it goes I don't know, she makes me think I do
Comin' in, she comes again
She breaks ice, but she don't fall through
To the birdcall morning
