Aye take up all me money

And swounder down de jail

Fly to upon man to meet dis young boy there

Make him influence her fa take a trip down to Spain

Tell me how in the world could this girl be

Me say she come back from Spain

Come back work again

She have no money fa spend

What a ting

Now have the audacity

To see I passing

Talking about, hi honey do darling

Can I have a very few

I replied with who ya talking

Me say gal you to bloody wicked ooh (ya cheating)
