Days And Days

Concrete Blonde

The dirty leaves are sailing
On a hot wind ocean
And the summer comes
And the summer goes and always has & will
And something somewhere
That you said goes ricochet
All through my head
And flashing like a neon sign
The time stand stillHours of forever. coming all together
At the crossroads of a minute.
And you and me were in it
And I never saw it coming,
Never saw it fade away
Today, today, today.... days and daysAnd still the whining of the wheels
Sounds closest to the way I feel and
Winter comes, and winter goes,
And always has & will
Another hour, another day, another year
You pissed away
Remember walking in the rain?
I?m walking there still.Like every heart to beat before
And every wave to kiss a shore
I?m not the first, I?m not the last...
And soon to be your past
But every mourning, when the light
Comes creeping in around my eyes
Another future falls behind
The one I had I mind
