

# Mississippi Moon Dog

[Molly Hatchet](#)

Crawlin' through the swamps and you here me moan  
Stalkin' after midnight I'm all alone  
Three ways to Sunday that's how it be  
Never take a walk alone comin' after me  
Oh oh, walk it like you talk it  
Oh oh, watch it where you been stalkin' around, noMama got the voodoo little bones  
Daddy got a mojo nobody knows  
Can't get started till the night  
The stars come out and moon is getting bright  
Oh oh, watch out what you're sippin'  
Oh oh, daddy knows you been messing aroundMississippi moon dog, shakin' after midnight  
Gonna sweat the devil out of you  
Mississippi moon dog, voodoo all around now  
A rattlesnake a rabbits foot tooAll night long your testifying  
The truth that your signifying  
You ain't slept in half a week  
There's no more disciples to listen to you speak  
Oh oh, what the hell you sayin'?  
Oh oh, who you think you portraying now?Mississippi moon dog, sneaking out of Memphis  
The rivers in view  
Mississippi moon dog, reaching through the darkness  
Sun never shines through  
Mississippi moon dog, listen to em howling  
Muddy waters singing out the blues  
Mississippi moon dog, chicken come a scratching at ya  
The swamps pointing at youMississippi moon dog, shakin' all around now  
Jackson's in view  
Mississippi moon dog, seven comes eleven now  
Snake eyes won't do  
Mississippi moon dog  
Mississippi moon dog  
Mississippi moon dog  
Mississippi moon dog
