

Jade

Metro

Angel eyes
so devil-may-care and unafraid
She gave it all for a serenade
Living in a dream
a heroine of the Golden Days
Nothingâ€™s spoken about
broken-hearted Jade

And another rock dream
turned into another sad scene
burning up a sweet seventeen
hanging up a sweet heroine
Oh, broken-hearted Jadeâ€™

Losing days in cold cafÃ©s
and cruising cars
Hanging on to shooting stars
Loving was a dream
a fantasy of the Golden Days
and now itâ€™s broken
for open-hearted Jade

And another rock dream
turns into another sad scene
burning up a sweet seventeen
hanging up a sweet heroine
Oh, broken-hearted Jadeâ€™

Your eyes so devil-may-care
and unafraid
She gave it all for a serenade
Living in a dream
a heroine of the Golden Days
Nothingâ€™s spoken about
broken-hearted Jade
