

Singularity (Mark Reeder's Individual Remix)

New Order

Winter came so soon
And summer never happened
We're players on a stage
With roles already scripted
We're working for a wage
We're living for today
On a giant piece of dirt

Spinning in the universe I can hear your cry out there
And I can feel you close to me One day at a time

Inch by inch
For every kiss
On lovers' lips
For all lost souls
Who can't come home
Friends, not here

We shared our tears And all I wanna do

Is make the right impression
The instrument of truth
A soldier with no weapon
I care so much for you
I crawled a thousand miles
Through deserts full of sand

My love in every land I can feel your cry out there
And I can feel you everywhere One day at a time

Inch by inch
For every kiss
On lovers' lips
We're all lost souls
Who can't come home
The Friend's not here

We shared our tears One day at a time

Inch by inch
For every kiss
On lovers' lips
For all lost souls
Who can't come home
Friends, not here

We shed our tears I can feel your presence here
Tender softly through the air One day at a time

Inch by inch
For every kiss
On lovers lips
We're all lost souls
We can't come home
