

# Do You Know

## Tobymac

Do you know

Where you're going to

Do you like the things that life is showing you

Where are you going to

Do you know

This goes out to my man his name is True Blue

For all the nights that your daddy spent away from you

For all the days that I told you "Maybe next time"

Laid up in my studio consumed with my next rhyme

What kind of lyric can I drop to make you think twice

About the trials that you're gonna face in this life

I can lullaby even point you to the Most High

Prayin' every little thing is gonna be alright

Someday my love isn't gonna be fulfilling

Try as I may, human love it hits a ceiling

But I can sow a seed say a prayer this I know

If faith can move a mountain

Surely God can make His spirit grow in you

Chorus:

Do you know

Where you're going to

Do you like the things that life is showing you

Where are you going to

Do you know

(repeat)

This goes out to my little man t Mac

For all the junk you've been carrying on your back

My burden's easy and My yoke is a featherweight

And this you know yet you're still a man of little faith

What can I do to spring your knowledge into how you roll

Don't you have My spirit and the letters that My people wrote

My love stretches farther than your mind can conceive

I've got a hand full of grace, a heart full of mercy

Someday My son you're gonna find My love fulfilling

Hope as I may you've got to turn and be willing

I'll take you as you are and just to add a human touch

I gave to you a son so you can understand

the Father's love for you

(chorus)

God will light your path if you want Him to  
Just emphasize His lead and your dreams will come true  
From the Father to the Son to the multitude  
He's the lover of your soul spiritual baby do you know  
(chorus)
