New Love

Glenn Frey

New love is calling me
Old love has set me free
Old love is just some tears I cried
New love is walking by my side
And it's so right and it's so fine
It's new love and it's mine, all mineI've been walking down the same old street
Going nowhere, shuffling my feet
The lonely nights never seemed to end
There was just no reason to start againBut now, new love is calling me
Old love has set me free
Old love is just some tears I cried
New love is walking by my side
And it's all I want, yes indeed
It's new love and it's all I needShe said, "You need me and I need you"
And she knows how it feels 'cause she's been there too
She took my hand and the pain was gone
She gave me hope and a brand new songNew love is calling me
Old love has set me free
Old love is just some tears I cried
New love is walking by my sideNew love is calling me
Old love has set me free
Old love is just a memory
New love is calling meIt's calling me, it's calling me
Its calling me, its calling me
Calling me, calling me
Its calling me
