

# Give You More

**Matt Cab**

I, I can give you more  
More than I say, more than I do!  
And I, I should give you more  
More than I try, more than you take!  
You've been waiting here patiently, never left my sight  
I keep saying I'm going change, but maybe now it's time  
To prove that I can:Chorus:  
I can give you more, I can give you love  
I can show you everything my heart is ever dreamed of  
I can give you trust and all my loyalty  
I can be the man that you knew I could always be  
And I can give you more!No one said it would be easy, no, no  
We'll have our share of upside downs, yeah, yeah  
But baby I promise, I'll be a better man  
And prove to you I can!Chorus:  
I can give you more, I can give you love  
I can show you everything my heart is ever dreamed of  
I can give you trust and all my loyalty  
I can be the man that you knew I could always be  
And I can give you more!lyrics here...
