

# Flex on You (feat. Jay Riverz)

[lub x tpf](#)

[Verse 1: lub x tpf]

Who am I to tell her no (no, no)  
She keep me on the side and I know he know (know, know)  
She keep our business quiet and on the low, so well  
And as long as she's supplying, I keep it all to myself  
But no, I cannot deal with all that  
She got a four course meal on her back\*  
Girl I like what I like if you'd like to know the truth  
I got an open crib for friends, girl what that mouth do

[Bridge: lub x tpf]

Come through baby with your girlfriends  
Or I could pull up on you in a new Benz  
I know you're tired after working at your retail  
And your boyfriend been acting like a female

[Hook: lub x tpf]

Girl, I'm just tryna flex on you  
I guess I know just I'm tryna test on you  
I said I'm just tryna flex on you  
I guess I'm just subtle tryna test on you  
Girl, I'm just tryna flex on you (I'm just tryna flex)  
I guess I know just I'm tryna test on you (I'm just tryna test)  
I said I'm just tryna flex on you (I'm just tryna flex)  
I guess I know just I'm tryna test on you

[Verse 2: lub x tpf]

You and I already know (know, know)  
And she cannot deny she wants it all, for her own (own)  
I know you like what you see baby  
I know you don't get what you need baby

[Verse 3: Jay Riverz]

You the type of girl to know what she like (cool)  
I'm the type of guy to do the thing right  
We can fall in love, baby get with the times  
It's ok if you like, it's ok if you like (ooh)  
Girl I like what I like if you'd like to know the truth  
I got an open crib for friends, girl what that mouth do

[Bridge: lub x tpf]

Come through baby with your girlfriends  
Or I could pull up on you in a new Benz  
I know youâ€™re tired after working at your retail  
And your boyfriend been acting like a female

[Hook: lub x tpf]

I guess I know just Iâ€™m tryna test on you

[Verse 4: Jay Riverz]

(Yeah) Iâ€™m tryna flex on you  
Got you on my mind, throw a text, come through  
You can tell your ex youâ€™re on a next â€œthatâ€™s whoâ€•  
Imma pull up in a Benz with your friends, thatâ€™s who  
Shorty Imma call away  
Youâ€™re on your Instagram, we can do it all a-day  
You never seen a baller, until you met me  
Some give you flowers, Imma flex instead of key\*  
I know you keep me on the low like a sidekick  
Iâ€™m your side nigga, ma you is my side chick  
Weâ€™ve been at it like some rabbits for a minute now  
Niggas mad she onâ€™,â€™ [Fade away]  
Cup full of lean, now I gotta little buzz  
Jayâ€™s wanna bring heat, what that nigga love  
Come through with that thong, let me see wassup  
As many rounds as you want Imma beat it up (up, upâ€™)  
Come through baby with your girlfriends  
Or I could pull up on you in a new Benz  
I know youâ€™re tired after working at your retail  
And your boyfriend been acting like a female

[Hook: lub x tpf]

Girl, Iâ€™m just tryna flex on you  
I guess I know just Iâ€™m tryna test on you  
I said Iâ€™m just tryna flex on you  
I guess Iâ€™m just subtle tryna test on you  
Girl, Iâ€™m just tryna flex on you (Iâ€™m just tryna flex)  
I guess I know just Iâ€™m tryna test on you (Iâ€™m just tryna test)
