Dracula's castle

Banda Sonora

What's the matter here?
Something ain't right
Tell me it's not true
Tell me it's alrightThere was time I'd run around for you
Get down on my knees I swear it's true
But you came in the night and you took my heart
To Dracula's castle in the darkNow I've gotta tell you that you've gotta know
I wanted you to stay but you're gonna go
Don't leave me alone you'll tear me apart
You're in controlSo goodbye love you were not real
You came to stay but now you leave
I can't explain the way you feel
We once stood high but now we kneelYou can't keep on running how far do you think you'll get
You got the world if you want it I ain't done with you yet
I work hard just to keep you by my side
Every day and almost every night
In the end you took away my heart left me aloneSo goodbye love you were not real
You came to stay but now you leave
I can't explain the way you feel
We once stood high but now we kneelSo goodbye love you were not real
You came to stay but now you leave
I can't explain the way you feel
We once stood high but now we kneel
