

# Oh No Joe

Rusty

You gotta problem that's pretty plain  
All my pleasure caused you pain  
You sneak around, you write my number down  
Your body's sinking, you gotta swim  
Oh no Joe, leave us alone  
Your living in the past  
Oh no Joe, leave us alone  
Your living in the past  
Oh no Joe, leave us alone  
Times gotta a way of closing your eyes  
You should have seen it coming  
You could have tried  
You sneak around, you write my number down  
Your body's sinking, you gotta swim  
Oh no Joe, leave us alone  
Your living in the past  
Oh no Joe, leave us alone  
Your living in the past  
Oh no Joe, leave us alone
