

# Get Out Your Seat

## Petrus

Oh you feel like July, hotter than the sun  
Even in the desert, you're cooler than a gun  
Don't know much about you, but I can't forget your name  
Ain't been too long since I met you, but I haven't been the same  
Baby, get out your seat  
    won't you dance with me  
    our song is playing on the radio  
    I can't help but smile, won't you stay a while  
I'll hold you close and never let you go  
Put on your ballerina shoes and get all tipsy-toed  
    I know it's hot outside  
    but with you it feels like snow  
    Your laugh is pretty cute  
    let's not forget your smile  
    if I get to see you girl  
    I'll walk a 1000 miles
