

Center Of The Universe

Kamelot

Move slowly
Beyond the colors on my eyes
Move slowly
Into the corners of my mind
Rising like the Pegasus
Each and every one of us released
Islands in the sea of dreams
Always searching harmony and peace
All we find
Reject our mind
Don't you wonder why
If the war by heavens gate relieved desire
In the line of fire someone must have known
That a human heart demands to be admired
'Cause in the center of the universe
We are all alone
Show me sign of paradise
A place we all would like to go to
Tell me what to sacrifice
So there's a chance for me to want you
All I find

Reject my mind
And I wonder why
If the war by heavens gate relieved desire
In the line of fire someone must have known
That a human heart demands to be admired
'Cause in the center of the universe
We are all alone
I have a tale to be told, won't you listen tonight?
Follow me into the core of fountain of light
Try to imagine that hope is our ship for the soul
(Over the ocean the quest of your life lies ahead)
Maybe together we'll find there's a place for us all
(Follow the star in your mind, sail along, sail along)
If the war by heavens gate relieved desire
In the line of fire someone must have known
That a human heart demands to be admired
'Cause in the center of the universe

We are all alone
'Cause in the center of the universe
We are all alone, we are all alone
We are all alone
