

Night Light

Louden Swain

Do you have some place where I can put down this load
So full of my feelings is about to explode
Walked a hundred miles with not a thing on my toes
Lately I've been looking for a friendlier road
A place on a lake with a dock and a boat
Nothing I fear more than the fear of being alone
Tonight
 Let's find
 A fire
 To light
 The sky
 Sock puppet Saturday
 Strangling socks
 Think about the bullet
 And change all the locks
 Looking for some meaning and errands and jobs
 Got an empty chalkboard and a handful of chalk
 Got an empty cupboard and a sink full of rocks
 Got a lot of words but I can't seem to talk
Tonight
 We'll find
 A fire
 To light
The sky
Never seen such a gathering of friendlies and foes
 Got me feeling high and at the same time feeling low
 Came in through the front door gonna leave by window
 So reach into your pocket and grab your little phone
 Take a picture, text it and I'll post it to show
 All the other people at this moment are so...
 Alright
 Tonight
 We'll find
 A fire
 To light
 So bright
 And high
 We light
 The sky
 The sky
 The sky
 Alive
