

# Deviation

## Stanley Myers

Out of chaos etched inside

New way of thinking state of sublime

Renewal, redemption this life is yours to form

Revalue, and question abhor the common normsNew mind, new life

Break away from standard thinking step outside the common normsBreak down deconstruct what's on the inside

Redesign what you dislike

Fall down when you reach the lowest point

You see the world through different eyesErase your old life redeem your soul

Come undone just let it grow

Don't waste it, consume it, convert reality

Give a life a facelift to fit your needsNew mind, new life

Break away from standard thinking step outside the common normsBreak down deconstruct what's on the inside

Redesign what you dislike

Fall down when you reach the lowest point

You see the world through different eyesThis is the way it feels

Not what it used to beAbhor common norms

Life's yours to form
