

# The Fall

## Rhye

Oooh, make love to me  
One more time  
Before you go away  
Why can't you stay?  
Oooh, my love  
Come home to me  
Just for a while  
I'll leave this place  
Why can't you stay?  
Don't run away  
Don't slip away my dear  
Don't run away  
Don't slip away my dear  
Don't run away  
The sun is gone  
Fell into the fall  
But I don't want it this way  
Why can't you stay? Don't run away  
Don't slip away my dear  
Don't run away  
Don't slip away my dear  
Don't run away  
Ohh ohh  
There should be words  
There should be words that explain the way  
But I'm tongue-tied and twisted  
Where's those words  
Don't run away  
Don't slip away my dear
