Still

Mali Music

There's nowhere else to go
There's nowhere else to be
Than here in love with you
You know what's the best for me
Reflections of myself
No shadows in the dark
But you hold the light to me now
You say what's for my heartThat's why I'll always be in love with you
Still, through it all
That's when we're going up, going up
When we rise and fall
You know I'll always be in love with you
Still...My rivers run to you
That's what come naturally
But you see what's in this heart
And know what's best for me
And the reflections, my voice
They echo in the dark
But you hold the light to me
You say what's for my heart
That's why I'll always be in love with you
Still, through it all
That's when we're going up, we're going up
When we rise and fall
You know I'll always be in love with you
Still...
Still...
Still...
Still...
Still...
Still...
Still...
Still...
Still...
Still...
Still...
Still...
You know I'll always be in love with you
Still, through it all

That's when we're going up, we're going up
When we rise and fall
You know I will be in love with you
Still...
Still...
Still...
