

All I Ever Have to Be

[Amy Grant](#)

When the weight of all my dreams
Is resting heavy on my head
And the thoughtful words of health and hope
Have all been nicely said But I'm still hurting
Wondering if I'll ever be
The one I think I am
I think I am Then You gently remind me
That You've made me from the first
And the more I try to be the best
The more I get the worst And I realize the good in me
Is only there because of who You are
Who You are And all I ever have to be
Is what You've made me
Any more or less would be a step
Out of Your plan As You daily recreate me
Help me always keep in mind
That I only have to do
What I can find And all I ever have to be
All I have to be
All I ever have to be
Is what You've made me
