Goodbye

Who Is Fancy?

I was a hot mess
In my Sunday best
Black tears in my eyesYou were my first love
You were my only one
I can't believe your liesOnce we were like bottle rockets
Now I know I have to stop it
Please believe me
This isn't easy
I just need to say goodbyeGoodbye
Goodbye
Losin' my mind
GoodbyeYou got a new friend
You like to play pretend
I'm just keepin' my coolTurn on that smoke machine
Magic and make-believe
She'll never know you like I doOnce we were a fire burnin'
Now you're just a lesson I'm learnin'
Please believe me
This isn't easy
I just need to say goodbyeGoodbye
Goodbye
Losin' my mind
GoodbyeI know that I can find somebody
You won't ever find nobody else like meI know that I can find somebody
You won't ever find nobody else like meI know that I can find somebody
You won't ever find nobody else like meI know that I can find somebody
You won't ever find nobody else like meOnce we were like bottle rockets
Now I know I have to stop it
Please believe me
This isn't easy
I just need to say goodbyeGoodbye
Goodbye
Losin' my mind
Goodbye
