

Princess

Seal

The Princess and the liar
Her dress is catchin' fire
Daddy's little lemonade
All she's meant to be I almost made you jump
The trust is so desire
My love is tastin' bitter
'Cause it almost set you free The Princess and the liar
Her dress is catchin' fire
Daddy's little lemonade
All she seems to me
Umm hmm hmm You're headin' for the crash
It'll be right here tomorrow
I'll even pay for gas
If you wreck us gracefully
