

# Follow Me

Vanessa Amorosi

verse 1:

so you're looking for answers,  
and they're selling your choices  
in the confort of your own tv  
and the magazine covers,  
they made you discover  
beauty is all that you need

pre-chorus:  
it's just a mean game  
nothing but a mean game  
nothing but lies  
try to make you be things  
tell you how to see things  
why do you try

chorus:  
if you're down on your money  
down on your luck  
if you get pushed over you can get  
yourself back up  
i said

down on respect  
and down on belief  
if you're sick of what they say  
then come and follow me  
ooh ooh, follow me

verse 2:  
so you're man on a mission  
who makes the decisions  
to follow someone else's advice  
cause deep down inside  
you don't know what's  
wrong from right  
there's only so much

money can buy  
repeat pre-chorus  
repeat chorus  
ooh ooh, follow me  
ooh ooh, follow me

why don't you follow me down  
repeat pre-chorus  
repeat chorus (x2)  
ooh ooh, follow me  
ooh ooh, follow me
