In My Car

Joe Walsh

Doesn't make a difference
I don't care how far
We can go the distance in my car
In my carDon't bother with directions
Doesn't matter where we are
Cruisin' down the highway
In my carIn my car, I don't need no backseat drivers
Leave 'em all behind
And trouble it can't find me
When I'm in my carHey!
In my carIn my car
In my car
In my car
In my car
In my car
