

# Casual Love (feat. Shaggy)

## Jordin Sparks

[Verse 1]

You've been here all this time  
Ooh, your love's been heavy on my mind  
Don't know how to describe  
The way you made me feel  
Took me on a high[Pre-Chorus]  
And I know I'm hurted when you're not around  
And I know I'm yearnin' for your love, baby[Chorus]  
I don't wanna be just another girl to you  
I don't wanna be just a casual lover  
I don't wanna be just another girl you knew  
I don't wanna be just a casual lover[Verse 2]  
Don't want no fussin', fightin'  
The pain I went through, baby  
Now I see the light  
No more lonely days in the night  
No, I might not know if what we have is right[Pre-Chorus]  
And I know I'm hurted when you're not around  
And I know I'm yearnin' for your love, baby[Chorus]  
I don't wanna be just another girl to you  
I don't wanna be just a casual lover  
I don't wanna be just another girl you knew  
I don't wanna be just a casual lover[Verse 3]  
This love can last forever if we just hold on tight  
I know that I'm better with you by my side  
I gave my heart so freely and let it all on the line  
Cause lovin' you is like breathin', It's so easy[Verse 4: Shaggy]  
Cause loving's you is so easy  
She love when (?), my love is guaranteed, yeah  
I'm one phone call away, girl, if you need me  
I'm your's, if you need a shoulder if you lean, yeah  
You don't (?) my love you know  
Relax and drop your arms, (?)  
Regard the things I do for you comes naturally  
Not anyone could get it casually, aye[Chorus]  
I don't wanna be just another girl to you  
I don't wanna be just a casual lover  
I don't wanna be just another girl you knew  
I don't wanna be just a casual lover[Outro]

I don't want to be no, no  
I don't want to be no, no, no
