

# Chestnut Hill

## Denison Witmer

Light another candle  
In my room  
Live another season  
Straight through  
You're the one that makes me  
Feel nice  
From all the things you said tonight

Early in the morning  
The streets  
Run across the shadows  
Of trees  
But we just stayed inside and  
Lost time  
We talk til we lose track of time

Even in the songs that  
I sing  
Do you fear the history  
They bring?  
Sleeping with my head in  
Your arms  
You're the one that keeps me  
From harm

Early in December  
Last year  
The biggest moon fell broken and clear  
West of where our city  
Lies still  
Over there on Chestnut Hill

Philadelphia Streets turned  
To ice  
And my bed felt empty  
Those nights  
Sleeping with my head on  
Your chest  
You're the one that knew me

The best

And you were there so long  
You were there for so long

Will you come back?

Maybe it's in you that  
I saw  
All the hope I thought I  
Had lost  
Sleeping with my head on  
Your chest  
You're the one that knew me  
The best
