Never Let Me Go (feat. SÃ³ley)

Sin Fang

A constant fight with my brain
Not to panic and lie down all day
A thousand pills passing through me
I put the pillow over my head
We blast off and it's just space aheadNever let me go
Never let me go
Never let me go
Never let me goWhenever it doesn't matter
You make me feel like I matter
But only for a while
Whenever it doesn't matter
You make me feel like I matter
But only for a while
I'm not trying to make you cryA constant fight with my brain
Not to panic and lie down all day
A thousand pills passing through me
I put the pillow over my head
We blast off and it's just space aheadNever let me go
Never let me go
Never let me go
Never let me goWe forget
We forget how to feel
Take off the need, afraid of it but I'm forever yours Helpless and lost
Never let me goA constant fight with my brain
Not to panic and lie down all day
A thousand pills passing through me
I put the pillow over my head
We blast off and it's just space aheadA constant fight with my brain
Not to panic and lie down all day
A thousand pills passing through me
I put the pillow over my head
We blast off and it's just space aheadNever let me go
Never let me go
Never let me go
Never let me go
