Carnivorous Swarm

Cannibal Corpse

Stain the sky, Armageddon
Dormant mass no awakened
Summoned fury devastation
Enormous force annihilatesAll that breathes shall be engulfed
Within its path, everything diesRavage the earth, conquer its life
Here to devour
Vicious attack, ferociously savage
Beyond a primal desireHorde of the apocalypse arrives
Bombardment from oblivion, invading legion gorges
Eradicate through infestation
Horde of the apocalypse destroysStrike begins, it is a battle that is one sided
Swarm consumes
Droves assail, congregation with aggressive nature
Swarm of death killsStain the sky, Armageddon
Dormant mass no awakened
All that breathes shall be engulfed
Within its path everything diesRavage the earth, conquer its life
Here to devour
Vicious attack, ferociously savage
Beyond a primal desireHorde of the apocalypse arrived
Bombarded from oblivion, invading legion gorged
Eradicated through infesting
Horde of the apocalypse destroyedStrike begins, it was a battle that is one sided
Swarm consumes
Droves assail, congregation with aggressive nature
Swarm of death killsRavage the earth, conquer its life
Here to devour
Vicious attack, ferociously savage
Beyond a primal desire
