Your Fear

Prong

His holy misunderstood
Misdirected, misconstrued
This holy roll of the dice
Take your chancesHold on tight
Silence the silent
Confuse the confused
Confusion runs rampantOn a ship of fools
The clock is ticking
This sacred joke
Left without a reason
Till reason takes holdSurrender your tear
Crawl into the flame
His holy unconsciousness
Endless discussion
Of our uselessnessAlive and kicking
This sacred joke
Left without a reason
Till reason takes hold
Surrender your tear
Crawl into the flame
