

Your Fear

Prong

His holy misunderstood
Misdirected, misconstrued
This holy roll of the dice
Take your chances Hold on tight
Silence the silent
Confuse the confused
Confusion runs rampant On a ship of fools
The clock is ticking
This sacred joke
Left without a reason
Till reason takes hold Surrender your tear
Crawl into the flame
His holy unconsciousness
Endless discussion
Of our uselessness Alive and kicking
This sacred joke
Left without a reason
Till reason takes hold
Surrender your tear
Crawl into the flame
