

Chad's In Hi-Fi

CKY

I can't deny it all my life
It's just the token of my eyes
Something you would try
For the best in the obscene, You just look on your
TV screen to pass away the while
It doesn't matter if you're red, black,
or in the sack... i've got my grip, i've got a hold
Nothing ties them down like prime time
In Hi-Fi... and now its getting old People stop and stare...
Here, there, and everywhere
They've got the blueprints for life
And if we're pretending the world is ending
Then you'll be fictionized
So stop the human drive
The fierce power switching on
The ripe adolescent LIGHT
It terminates in 5
The people standing in the lines have seen
The film a million times their pocket full of dimes
And so unless it is FOR FREE you'll spin the country
On its side to be intensified People stop and stare...
Here, there, and everywhere
They've got the blueprints for life
And if we're pretending the world is ending
You'll be fictionized
It's on this TV
It's on that TV
It's on your TV
It's on my TV
It's on his TV
It's on her TV
It's on this TV
It's on your TV screen And if we're pretending the world is ending,
Then you'll be fictionized
