

Save Me

In Flames

So save meHere's a hammer
Build a ladder
It's a long way up to heaven
If I dig it might take as long
But maybe in hell that's where I belong
Seven days and seven nights
Funny he found the fires

And I have walked this path beforeI'm afraid I'd lose it allSomebody save me
Somebody save me
I've been trying so hard
But I can't see that far
So save meJust let it rain
I rather stay away
From laughs' overcoming
And the company of crows
Memories, they fade
But I'm far too awake

Welcome to my dreamI'm afraid I'd lose it allSomebody save me
Somebody save me
I've been trying so hard
But I can't see that far
So save me

So save meSo save me (save me)Just let it rain
I rather stay away
From laughs' overcoming
And the company of crows
Memories, they fade
But I'm far too awake

Welcome to my charadeI'm afraid I'd lose it allSomebody save me
Somebody save me
I've been trying so hard
But I can't see that far
So save meSave me
Save me
I've been trying so hard
But I can't see that far
So save meSave me
Save me
Save me

Save me
