Heavenly Moment

Swim Deep

January child goes wild for
Irish eyes that smile, they'll blind you
Now he's 21, a high youth
Now there's something wrong, he's high throughA heavenly moment, shook my brain
It don't matter, it's my birthday on the way
But every bass line in the world is in my head
And I'm frightened of the worst day on the wayOoh, "Hey!"
I know where this story belongs
Ooh, "Hey!"
I know where this story can lastJanuary child goes wild for
Irish eyes that smile, they'll find you
Now he's 21, a high youth
Now there's nothing wrong, he's found youYou're not gonna go insane
Was the most beautiful thing anyone has said to me
Radicalise me, something's changed in the way
I feel strangely calm in the most bizarre wayOoh, "Hey!"
I know where this story can last
Ooh, "Hey!"
I know where this story belongsMy love is honest as stone
My love is honest as stone
My love is honest as stone
I said my love is honest as stone
