If You Return

Maximum Balloon

You're standin' in the sun
With bow and arrow, you struck a pose
You hide then you run
Catchin' your eye, we then doveI saw your desire
The prettiest thing I'd ever known
You're feeding the fire
Stealing your love to let her goIf you return to steal my heart, my soul
I'll let you win, I'll let it go
I'll let you in, I'll let you rob the whole
Steal my soul, I'll let it goI saw your desire
The prettiest thing I'd ever known
You're feeding the fire
I'm stealing your love to let her goIn the mess of piles
You flatten my wish with crooked smiles
You sneak in from the door
Wanted your love, was needin' moreIf you return to steal my heart, my soul
I'll let you win, I'll let it go
I'll let you in, I'll let you rob the whole
Steal my soul, I'll let it goIf you return to steal my heart, my soul
I'll let you win, I'll let it go
I'll let you in, I'll let you rob the whole
Steal my soul, I'll let it go
