Shadow Sun

Moonspell

In your soul time when you're closing down
Shadow sun
Divine sleep of death
Divine sleep of deathI am, babe, standing still
In the blackest rain
Denying you
Breaking dayIn the name of nothing
When we break apart
I'll raise the dead
The chain of liesI'm ever freezing over
Crystal mountain clay
Cloud of darkness
Defeating painAnd then you fell
Becoming darkness
And then you fell
Becoming darkness
Shadow sunIn your soul time when you're closing down
In your soul time when you're closing down
Shadow sun
Divine sleep of death
Divine sleep of deathI'm again standing still
In the darkest rain
Denying you
Defeating painDefeating painAnd then you fell
Becoming darkness
And then you fell
Becoming darkness
Shadow sunLife is meaningless
Life is meaningless
Shadow sun, shadow sunLife is meaningless
Life is meaningless
Life is meaningless
Life is meaningless
