

# Pyrotechnician

## Sleeper

Throw me your matches 'cos I like to burn stuff  
Give me your lighter to keep me amusedKiss your fingers goodbye bye bye  
I'm burning them  
Kiss your fingers goodbye bye bye  
I'm burning  
As a matter of fact they've just turned blackI think you're attractive but in a strange way  
It's always exciting when you're aroundKiss your Bentley goodbye bye bye  
I'm burning up  
Kiss your Bentley goodbye bye bye  
I'm burning  
As a matter of fact it's just turned black  
Bye bye bye  
Bye bye byePyromaniaSo pyrotechnician I think I love you  
When will you let me join in your stuntsKiss your fingers goodbye bye bye  
I'm burning them  
Kiss your fingers goodbye bye bye  
I'm burning  
As a matter of fact they've just turned blackPyromania  
Pyromania  
Pyromania
