Nightwalker

TrentemÃ¸ller

Never turn around on this lonely road
No one ever saw me standing in the shadows
I've had many names and you have lost your way
I know you don't have the time, but may I ask you to stay?Where are you going to? Where are you going to?Shine on the Gods, here in silence
Mine is the shade one more time
I walk the night impaled by Cyrus
Under the moon I'll be by your sideHello mister, please, let me introduce myself
I'm a stranger and I present you my disease
Older than the sun and older than the lies
I'm a failure, I'm the door between hellos and goodbyesWhere are you going to? Where are you going to?Shine on the Gods, here in silence
Mine is the shade one more time
I walk the night impaled by Cyrus
Under the moon I'll be by your sideShine on the Gods, here in silence
Mine is the shade one more time
I walk the night impaled by Cyrus
Under the moon I'll be by your sideMy flower, how I adore the shine
Of thy life that I have to destroy
You can't heal the yearning
Of that I am sufferingMy angel, everyday a little more
My angel, everyday a little more
