

Waterfalls

Billy Crawford

When the sun falls, I'm that one
The one you can call
We can make love 'til you climb the walls
I can make you wet as a waterfall
Best believe I got everything that you want
And everything that you need
So baby, when you in need
Don't you hesitate to see me
Baby, when the sun falls, I'm that one
The one you can call
We can make love 'til you climb the walls
I can make you wet as a waterfall
Best believe, I got everything that you want
And everything that you need
(Everything that you want)
So baby when you in need
Don't you hesitate to see me
You can come to see me
Baby, you can get it any which way that you like
Mami, its cool there's no need to fight
I'm the urge you feel from dusk to dawn
When you think of me when you're all alone
From the shower to the bed to the flow
You can get it I can give it we can go
In the night time at your place or mine
When you want me baby ring my line
Baby when the sun falls I'm that one
The one you can call
(You can call)
We can make love 'til you climb the walls
I can make you wet as a waterfall
Best believe, I got everything that you want
And everything that you need
(Everything that you want)
So baby, when you in need
Don't you hesitate to see me
You can take a rest when the sun lights the sky
Sun comes down baby you and I
Can go at it again, when you call me again
When you want it again
Baby just say when, when you want it
And you need it and I'm there
See you at work late at night I don't care
I'm down to get next to you
Hit me around one or two
Don't hesitate and wait, It's never too late
For you to come, come around so I can lay you down
Any night girl, it's cool for a midnight rendezvous
So, when your shift is through, here's what you can do
Baby, when the sun falls I'm that one
The one you can call

We can make love 'til you climb the walls
can make you wet as a waterfallBest believe, I got everything that you want
And everything that you need
So baby, when you in need
Don't you hesitate to see meBaby, when the sun falls I'm that one
The one you can call
We can make love 'til you climb the walls
can make you wet as a waterfallBest believe I got everything that you want
And everything that you need
So baby, when you in need
Don't you hesitate to see meBaby, you can come and see me
Don't you hesitate to see me
I've got all the love that you need
Baby, you can come and see meBaby, you can come and see me
Don't you hesitate to see me
I've got all the love that you need
Baby, you can come and see meBaby, when the sun falls I'm that one
The one you can call
We can make love 'til you climb the walls
can make you wet as a waterfallBest believe, I got everything that you want
And everything that you need
So baby, when you in need
Don't you hesitate to see me
