Come Rest Your Head

Tonic

Trust, I know is not such a dirty word
Trust is something that I have barely heard
Honesty is not so far away
Empty words are all you'll have to sayWe all go on
Just let me go onCome rest your head
Come stay with me a while, yeah, yeah
You'd be better off here
Come stay with me a while, oh yeahTruth, you'll find is the only way to live
Long for when you can learn to forgiveWe all go on
Just let me go onCome rest your head
Come stay with me a while, yeah, yeah
You'd be better off here
Come stay with me a while, oh yeah, yeahTrust, I know is not such a dirty word
Is something that I have barely heard
Honesty is not so far away
Empty words are all you have to sayWe all go on
Just let me go onCome rest your head
Come stay with me a while, yeah, yeah
You'd be better off here
Come stay with me a while
Come stay a whileCome rest your head
(So come rest your head)
Come rest your head
(Trust, I know, trust, I know is not such a dirty word)Come rest your head
(Honesty is not so far away)
Come rest your head
(I know, I know, I know, I know that your trust is not so far away)
Come rest your head
