Doubt

Stukas

Lanterns in view
Warm breath is thin
Stems of light
In the cold, in the cold still of night
Careless as any hidden spark
Spreads quickly to the darkest places
Ohhhh - there's doubt
Ohhhh - there's doubt
Deadbolts guard against
Stave off the chance
Of a break away, away from this cloudy place
Spellbound by the stripping of the walls

You're leaving here with all this doubt
Ohhhh - there's doubt
Ohhhh - there's doubt
Doubt, there's doubt
What you celebrate
The errors from here from the errors you made
Doubt, there's doubt
To love as you should
The trouble, the time that you did all you could
Doubt
Doubt
Doubt
Doubt
