

You and Me (feat. Chris Boomer)

SOJA

It's you and me
And it's always been
And how I feel about you
There's no end But you made me
Chase you around
And then you need me again
When you fall down And when this dance is done
You and me are still
The only ones Yeah since time begun
And I'm still with you
Even when you're gone And when this dance is done
You and me are still
The only ones Yeah since time begun
And I'm still with you
Even when you're gone So i start it, and you stop it
So i want it
Knowing that you're walking away [4x] It's you and me and we're
Back again
Don't introduce me to all
Your "new friends", man
Why do you make me
Chase you around?
Why do your words make me
Not make a sound? And when this dance is done
You and me are still
The only ones Yeah since time begun
And I'm still with you
Even when you're gone And when this dance is done
You and me are still
The only ones Yeah since time begun
And I'm still with you
Even when you're gone So i start it, and you stop it
So i want it
Knowing that you're walking away (x4)
