Stay With Me [Everybody's Free]

Ironik

[Opening]
Brother & Sister together will make it through(Ooooh Yeah),
Someday a spirit will take you and guide you there(Everybodys Free).[Ironik]
This ones for all the ones showin' love. Its appreciated, its ironik.[Chorus]
Stay with me, (Life's crazy man,) Don't fall asleep too soon. (People come and go.) The angel's can wait, for a moment. (But when the closest one goes its the hardest thing ever.) (They can wait for a moment, i promise.) Stay with me, (Please stay,) Don't fall asleep too soon. (Don't cry) The angels can wait, for a moment.[Verse 1]
They can wait for a moment. Don't cry for me when im gone, no point in wasting tears. Our time will come one day and I'm just confronting my fears. Though it's not really a fear, it's more like a destiny. Sometimes i sit and wonder, is this life really for me?
Cause i've seen, seen, heard, felt. I'm done. I hope your proud of where i've come, you've seen me grow & helped me through. And there is no repayin' you. I'm here and i feel like im delayin' you, betrayin' you. And when i'm gone i that someones savin' you.[Chorus]
Stay with me, don't fall asleep too soon. The angels can wait, for a moment. (They can wait for a moment.) Stay with me, dont fall asleep too soon. The angels can wait, for a moment.[Verse 2]
I wanna see your face everytime i come home. Cause i can't leave you like this in this cold world alone. But, in this life we're livin', who knows when i'll be gone. I don't wanna leave you with what ifs , now im in for long (To the world.) Theres too much to proove, and sometimes i wonder what i really have to loose. And then i really see, it's not all about me. I wanna shield you from this harsh mad reality. Its real lyrics.[Chorus]
Stay with me, don't fall asleep too soon. The angels can wait, for a moment. (They can wait for a moment, i promise) It wasn't meant to end like this. (It wasn't meant to end like this) Not without you (No) Noo, Ooh.[Ironik]
And life get's risky sometimes, but you gotta take chances.Life's a game, you gotta risk it.Listen, life's so crazy but i've lived mine well. I hope you do the same thing, and i hope you don't fail.If anybody trys to bring you down, just stay strong. Don't argue the fact that you're right & they're wrong. Listen to my lyrics, that's why i wrote this song. So you could be influenced, then just stand there strong. Everybodys human and everybodys equal, so don't listen to nobody cause everybodys people.[Chorus]
Stay with me, don't fall asleep too soon. The angels can wait, for a moment. Stay with me (Life's a game, and you need to play it correct. Do the right moves and don't get caught up in loads of mess. Be calm, don't be stressed, Be sure to pass your test. Stand your ground, and don't let others put you to the test.) Don't fall asleep too soon. The angels can wait, for a moment.[Ironik]
Stay with me, cause they can wait for a moment.
