

A Picture of Dorian Gray

The Futureheads

When I'll buy my mansion I'll invite the world to stay
So everyone can see a picture of Dorian Gray
We'll sit by the river drinking lemon tea
And there's a thousand midget russians in midget submarines You can come and stay
You can bring your friends
You can come and stay for a day
And see a picture of Dorian Gray Take you to my mansion, can see my gallery
Lots of pretty pictures, all of them of me
We'll sit by the river drinking lemon tea
Eat tiny cucumber sandwiches made by Emily You can come and stay
You can bring your friends
You can come and stay for a day
And see a picture of Dorian Gray
