

# Get Buck

Stevie Stone

Better brace yourself for the second coming  
Got to clear that, it's the baggage now I'm up and running  
Did you hear that, can you feel that?  
The static cos' I finally done it  
Spread a little bit of magic  
On them chocolate bunnies (buns), I get it in!  
Bitch Stone don't pay no more  
Don't never not get paid no more  
Say what you really wanna say  
You niggas wanna hate but you really can't hate no more  
Don't never knock on stage no more  
Strange music dipped in butter  
Different faces colored  
Could of been alot of others  
Repping in my crooked letter (crooked letter)  
Who you want, I got my shit together (shit together)  
Spreadin with my feet together clip together  
(got my shit together) yeah I got my shit together!

[Chorus]

(get buck!)

Step on scene ? they need me  
? know if you open trynna see me, just because I  
(Get Buck!)

Callin it a blast from the past  
And tonight I'm bout to get up in that ass  
You gonna watch me  
(get buck!)

Know you on the sideline hatin'  
Formin little ? in two, fakin', little buddy  
(get buck)

Yeah ? wall shock shakin'  
And you got to ?? what I'm thinkin'  
I'm about to  
(get buck!)

Hear the product?  
Well it sound good don't it?  
Tell ??? rep your hood on it

Stepped out,hoped out the back seat  
??? stay back,feed it to tha bat  
Hold the turf , reppin lately  
Been in my zone here,lately  
? break another wall hear lately  
I'mma get up in that ass  
In the middle with a map  
Of the MO and I'm way to ?  
Cravin bitches is crazy  
Motherfuckers got crazy  
Niggass wanna get up in the feelings  
I'm surrounded by their ladies  
Whatchya sayin,whatchya sayin  
(what you sayin boy)  
Haters think we play, think we playin  
(playin, huh?)  
?? cry to rock it  
Got that burner in my pocket  
In case you niggas wanna stop it

[Chorus]
