

# Enough Is Enough

## April Wine

Always so keen, in a big black fleur de lys

Had too much competition, in a limousine

Everybody got to him, and he finally had to make a show

And no one could believe him, and he still doesn't know

Girl you fill me up, until I've had enough

Girl you fill me up, can't you see that

You're my girl, and enough is enough

Baby, you're my girl, and enough is enough

So we went down through the streets, and we never even saw a fight

We had one look corner to corner, and we called it a night

So I said we best get ready, 'cause we really didn't want to phone

He said, I must be some kind of a fool girl, are you puttin' me on

You fill me up, until I get enough

Oh girl you fill me up, can't you see that

You're my girl, and enough is enough

Baby, you're my girl, and enough is enough

You're my girl, and enough is enough

Baby, you're my girl, and enough is enough

So we went on through the gate, and it sure enough caused a scene

He said, one chance to make it on the silver screen

So we worked all day and night, tryin' to make it to the four state line

He said, baby you can stay tomorrow, we can have us a time

Oh girl you fill me up, until I've had enough

Oh girl you fill me up, can't you see that

You're my girl, and enough is enough

Baby, you're my girl, and enough is enough

You're my girl, enough is enough

Baby, you're my girl, and enough is enough
