## Lorelei

## **Tom Tom Club**

Lorelei

Maybe you like a little melody
It's not the words that move meLorelei, Lorelei, Lorelei
Maybe you like a lullaby
Now I can't remember whyLorelei, Lorelei, Lorelei
Intuation's leading us where
I don't know yetLorelei, Lorelei
Something's happening

Hard to place it, hard to hide itLorelei, Lorelei What is happening

I'm not sure, I guess you know it Lorelei, LoreleiDeep in the jungle of thought

There comes a clearing

And in the clearing, there is a poolThe pool is deep, the water cool

This is the thought

The thought is youLorelei, Lorelei, Lorelei
Intuition's leading us where
I don't know yetLorelei, Lorelei
Something's happening

Hard to place it, hard to hide itLorelei, Lorelei What is happening

I'm not sure, I guess you know itLorelei, Lorelei Across the wasted plain Across the twisted dunes Beyond the colored lights

The mountain loomsThe air is thin, the door within The sea of light, the light is youLorelei, Lorelei, Lorelei Lorelei, Lorelei
