

Try To Change

Mother Mother

Try to change, I try to change
I make a list of all the ways to change my ways
But I stay the same, I stay the same - oh
I will try and try to change but I just stay the same
Stay the same, I stay the same
In a decadent age I try to change all my decadent ways
But I just can't help but stay the same, in a decadent age - oh
I will try and try to change but I just stay the same
The same, the same, the same

Carry a cane, I carry a cane
Cuz I tried to change and I tried too hard
So I hurt my leg and well over all I just
Stayed the same and now I carry a cane - oh
I will try and try to change but the list I made of change to make
It blew away, flew away, blew away, flew away

Try to change, try to change I
Try to change, try to change
Everybody be trying to change
Trying to change I
Try to change I try
It's safe to say some don't change
