Someone To Love

Shayne Ward

Finally she came along
Broke the spell and set me free
Pushed aside, what use to be
All the broken hearted man it once was me
I never gave it up, I always believe
When she's in my arms I know what I achieveSo hear me, loneliness
I'm giving up on you
I don't need you anymore
I've found what I've been lookin' forSo hear me, emptiness
I've got no room for you
I've finally found what I've been dreamin' ofSomeone to love, hey'Cos I was lost, I was down and out
Until that day I knew what my life was all about
Still wonder how she came my way
She's the reason I'm smiling here todaySo hear me, loneliness
I'm giving up on you
I don't need you anymore
I've found what I've been lookin' forSo hear me, emptiness
I've got no room for you
I've finally found what I've been dreamin' ofSomeone to love, to hold
To be my inspiration
Someone to touch, to cherish for lifeSo hear me, loneliness
I'm giving up on you
I don't need you anymore
I've found what I've been lookin' forSo hear me, emptiness
I've got no room for you
I've finally found what I've been dreamin' ofSomeone to love
Someone to love
Oh babySo hear me, emptiness
I've got no room for you
I've finally found what I've been dreamin' of
No, I've finally found what I've been dreamin' ofSomeone to love, hey
Someone to love
