## Rancid

Lulu

ah ah ah ah ah Lulu

ah ah ah ah ah

Where the middle

class breaks up

The working class

better wake up

When America was dreaming

Some pigs stole our country

Lulu stands by her family

With harmony and history

there's two kinds of stories

Either comedy or tragedy

Lulu

ah ah ah ah ah Lulu

ah ah ah ah ah

Lulu works all day long

She goes 9 to 5 just

to stay alive

She'll do anything just

to walk the line

ain't no time to wine and dine

Her war time now in the USA

Her husband goes far away

Afghanistan to Iraq

Her husband now

ain't comin' back

Lulu

ah ah ah ah ah Lulu

ah ah ah ah ah

America the beautiful

that's what the sign said

And I welcome every single one

Cause I want them all to stay

And I'll travel and I'll travel

til my very last day

Through the New York harbor

To the San Francisco bay

Ah ah ah ah ah  
ah ah ah ah ah
